

ALULAST[▲]

CORPORATE PROFILE

ABOUT ALULAST

Alulast specializes in crafting precision-engineered sliding systems. We secure the highest-quality components by partnering with leading suppliers in Europe and North America. These quality components, along with our team's impressive knowledge and skills, result in efficient cutting and assembly.

Our mission

Alulast's mission is to forge lasting partnerships with our industry collaborators. Our steadfast commitment to partnership, unparalleled performance, and continuous innovation is the heartbeat of our organization.

Our vision

Our vision extends beyond products; it encompasses an exceptional customer service experience, embodying the values of reliability, transparency, and unwavering commitment to our clients' success.

1. Transparency & Collaboration

Our track record has proven that transparency is the best way to conduct business with our customers. Each of our partnerships is based on mutual respect and a harmonious collaborative

2. Passion & Dedication

Our dedication to fabricating quality opening solutions drives us to craft the high-performance products you've been searching for.

3. Innovation & Sustainability

Alulast is built on fresh ideas and mindful choices. We focus on creating products that combine thoughtful design with responsible practices. We want to offer products you can take pride in and feel good about.

Committed to your success.

SUPPORT

At Alulast, we pride ourselves on the close relationships we build with our partners. We work with you throughout the entire process so that things are up to your standards every step of the way.

Our team works tirelessly to meet deadlines and is eager to contribute to your success. We understand that every business is unique, and it is why we take the time to listen to your needs and deliver products and services that exceed your expectations.

With our extensive industry expertise, we work hand-in-hand with you to create value, streamline processes, and solve challenges efficiently. Your success is our priority, and we go above and beyond to help your business grow and thrive.

QUALITY ASSURANCE

We take quality very seriously. Our products are rigorously tested for strength and safety and hold up to North American standards.

We understand the critical role timing plays in project execution. This is why we have a steadfast commitment to on-time delivery. It is a testament to our dedication to supporting the success of our partners.

RESEARCH & DEVELOPMENT

At Alulast, we believe that research and development is the best way to continue leading this industry. By maintaining local and global partnerships, we are able to develop premium products that are avant-garde and unique on the market.

Our research team

Our team of specialists is highly experienced in the industry. We are continually looking for technological advancements that would allow us to perfect our product lines. Our fabrication process is backed by research and driven by innovation.

We know the reason for Alulast's success is our team's commitment to quality. We all share the same passion for innovation, and we regularly conduct group training to make sure our products and services continue to be perfected.

ENVIRONMENTAL COMMITMENT

At Alulast, we are committed to using sustainable practices throughout our fabrication process. We know we must include concrete measures to achieve our goal of a greener world.

Concrete measures and targets

- Extensive group training in sustainable practices
- Waste minimization
- Strong recycling strategies
- Partnering strictly with environmentally conscious suppliers
